We are facing an unprecedented emergency in dealing with the COVID-19 pandemic. We all share a common goal: protecting the health and welfare of our employees and customers and their families and neighbors and ensuring the public's continued access to broadband, video and voice connectivity within the communities we serve.

This emergency is certain to strain your businesses and place a premium on getting access to credible information - all in an environment that is rapidly and constantly evolving. ACA Connects has long served as a resource for you on communications regulatory matters and now, **as you deal with COVID-19, we will be a resource for you on legal and regulatory issues related to the emergency.**

For this webinar, we have convened experts on employment and labor law, consumer protection law, and contract and insurance law to begin to address issues you face in operating your business during this emergency. **To help us tailor this webinar to your own interests, we urge you to send us your questions prior to the webinar.**

In the meantime, we have gathered the following list of resources to inform you about COVID-19. We intend to update this list with additional sources of information.

- Center for Disease Control and Prevention - [Interim Guidance for Businesses and Employers](#)
- World Health Organization - [Rolling updates on coronavirus disease \(COVID-19\)](#)
- Johns Hopkins University & Medicine -- [Coronavirus Resource Center](#)
- Cybersecurity and Infrastructure Security Agency (CISA) - [Risk Management for Novel Coronavirus \(COVID-19\)](#)
- Alliance for Telecommunications Industry Solutions (ATIS) - [Network Reliability Steering Committee \(NRSC\) Pandemic Checklist](#)

The webinar recording and presentation slides will be available in the ACA Connects Members' Lounge after the presentation. If you should have any questions or would like further explanation on a topic that was covered, please reach out to us and we will gladly follow-up with you directly.

Please note that the purpose of this webinar is to provide information that will be helpful to ACA Connects members in managing their response to COVID-19, not to provide legal advice. We urge you consult with local counsel for legal advice specific to circumstances facing your business.

To participate in the webinar, click [here](#) to register.

ACA Connects Webinars are free for ACA Connects members.

For more information, please contact Brian Hurley, ACA Connects' Vice President of Regulatory Affairs, at bhurley@acaconnects.org.

The material provided in ACA Connects webinars is meant to inform ACA Connects members of recent legal and regulatory developments, and should not be considered legal advice. It is not intended, nor should it be used, as a substitute for specific legal advice, as legal counsel may only be given in response to inquiries regarding particular situations. By virtue of providing this information and/or answering submitted questions, neither ACA Connects nor its outside legal consultants are providing you with legal advice and are not acting as your counsel.
